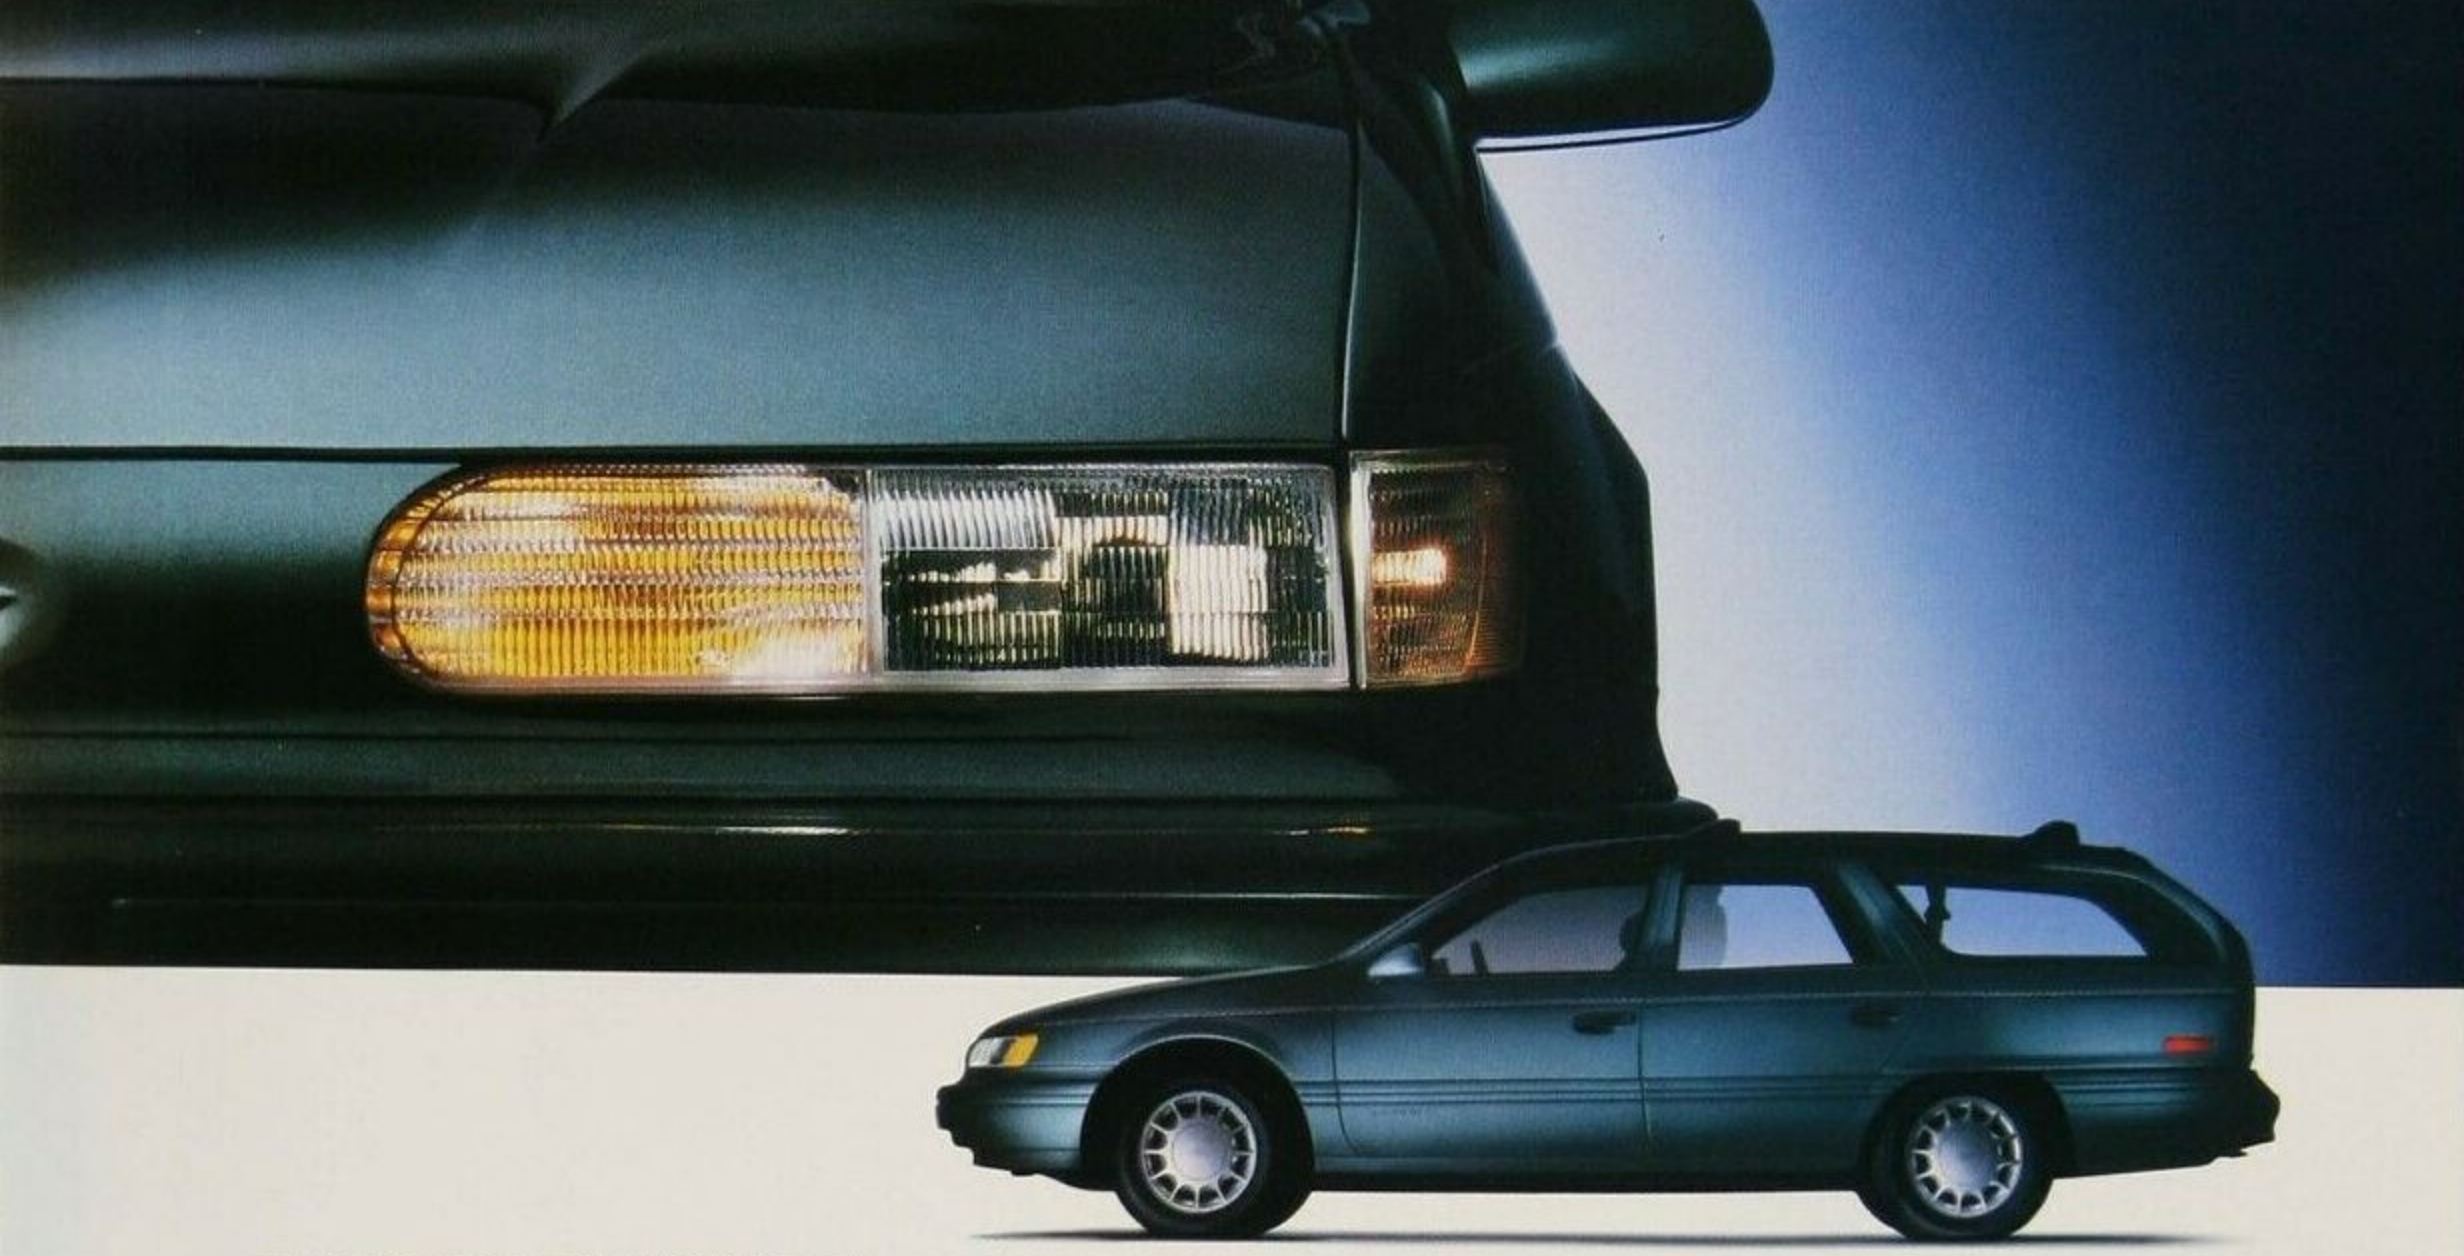
IT ALSO PERFORMS BETTER
THAN AN ORDINARY WAGON.



FORD TAURUS WAGON

There's a good reason Ford Taurus Wagon doesn't look like an ordinary wagon: it isn't an ordinary wagon. From its sleek design to its confident road manners, Taurus Wagon sets a lofty standard for family transportation. Maybe that's why it outsells every other wagon, year after year.

We've even given it the latest in safety features. Like available anti-lock brakes. And a standard driver and optional right-front passenger air bag supplemental restraint system. Air bags, in conjunction with properly worn safety belts, are one of the most effective restraint systems available.

Ford Taurus Wagon. It's what other wagons want to be.

Buckle up—together we can save lives.

HAVE YOU DRIVEN A FORD LATELY?
